Respected Sir/Madam

I am Girish Ramachandrappa, pursuing my Masters in Computer Science from SRH University Heidelberg with specialization in Business Computing, and currently work student at SAP walldorf as a developer in LOB Finance for test automation. My work experience reveals ability to successfully fulfill the responsibilities required for this position.

My work at SAP deals with the development, maintenance, and execution of the testing programs used for automatic testing of Fiori Application programs in the functional domain of Accounting. This experience gains to work on ABAP, SAP UI5 platform and SAP system landscape.

I am very eager to learn new things and I believe such an opportunity would provide me experience that I am seeking to further develop the skills that I have gained through my Education and work experience. I have proven track record of responsibility, integrity and commitment to company objectives. I am Comfortable working independently or as part of a team, and I firmly believe that your needs and my skills are an excellent match.

The opportunities in your company are very appealing. I would like to further discuss the scope of this position, with you in person. I am available for interview at your convenience and can start immediately. I enclosed my resume and look forward to you hearing from you soon.

Sincerely,
Girish Ramachandrappa
